

A Pro-Life Educational Presentation

Kansans For Life has trained speakers who would come to your services and make a biblical pro-life presentation.

The presentation normally lasts about 1 hour. 30 minutes for a video / DVD and 30 minutes for the speaker. Praise & worship could come before and/or after the presentation.

The two primary videos (among many that have been used) are:

1. “*A Matter of Life & Death*” – 17 minutes. This covers many aspects of the pro-life movement including a significant segment of a woman describing the affects of abortion. It also has graphic pictures shown as the various types of abortion are described (about 1 minute). This leaves plenty of time to reflect on “What does God think of abortion?”
2. “Silent Scream” – 30 minutes. Produced by Dr. Bernard Nathanson who ran the largest abortion clinic in the world and supervised over 50,000 abortions. He became pro-life but at the time of this video, he was an atheist. This leaves plenty of room to discuss the Bible and what Christians should think of abortion.

A typical program would follow this schedule:

- Opening Prayer (sometime with Praise & Worship)
- Introduction of speaker
- Brief explanation of Kansans For Life and introduction to video
- View video
- Remarks from the speaker
- Possibly a Questions & Answer session
- Closing prayer / songs
- Allow time for people to look at the educational materials that are provided

We also have programs for teens and the elderly. One of the popular DVD’s for teens is titled, “*Sex has a Price Tag.*” We also supply an education packet for every teen.

The educational materials are for all age groups, from coloring books for small children, to Living Wills for the elderly. Books, bumper stickers, precious feet, and other pro-life items will also be available.

There is no fee for the program, however offerings are appreciated.
